Celebrating Excellence in Pool Design & Craftsmanship

Dear Trusted Partners and Friends,

For more than a decade, we have been proud to host "The World's Greatest Pools" award program, celebrating excellence in pool design and craftsmanship.

Once again, our Pebble Technology International® builders, sales professionals and applicator partners have risen to the challenge, submitting a wide array of beautiful pool photos. All qualifying photos were judged by an independent panel of pool designers and editors from outdoor living and pool publications, on the basis of:

- *Outstanding pool design and craftsmanship*
- *Superior photo quality and composition*
- *Exceptional interest to readers, including to prospective pool buyers*

On behalf of the entire Oldcastle APG family of brands, we are honored to present the top scoring photos in this year's book. Each winning photo showcases a premium PebbleTec finish. However, many photos also feature our Lightstreams glass tile, PebbleTec Fire & Water features and Belgard pavers. Together, Oldcastle APG brand products make it easy for homeowners to create the outdoor living space of their dreams.

Thank you to all who have submitted projects for review. Please know that we appreciate the time you've invested in applying, as well as your continued support and use of our products.

We hope you enjoy paging through this year's compilation of "The World's Greatest Pools" as much as we have enjoyed creating it for you.

Best Regards,

Your Partners at Pebble Technology International and Oldcastle APG Northeast, Inc.

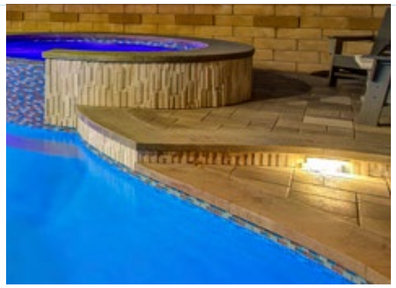
BELGARD
PAVES THE WAY

Extend your poolscape beyond the water's edge

Belgard pavers, coping and walls are the perfect complement to complete your PebbleTec oasis. The array of trend-forward textures and designs coordinate with any home's architectural style to create a cohesive look that effortlessly flows from one outdoor space to the next. From the pool deck to the outdoor kitchen, and any outdoor room in between, Belgard paves the way.

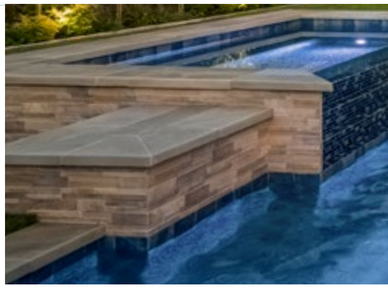
Photo: Lafitt® Grana Slab and a contrasting band of Holland Stone pavers create a contemporary look to pair perfectly with the Mega-Tandem™ Cap Coping.

See more Belgard pavers on pages 189, 191, 193, and 203.



Catalina Grana® Large pavers in warm color tones create the elegant neutral canvas for the captivating accents of the pool and spa (pg. 191).

This poolscape's natural stone aesthetic is created by Lafitt® Rustic Slab and Urbana® Stone, Coventina™ Coping and Ashlar Tandem™ Wall. Tru-Scapes® paver lights add to the ambiance.

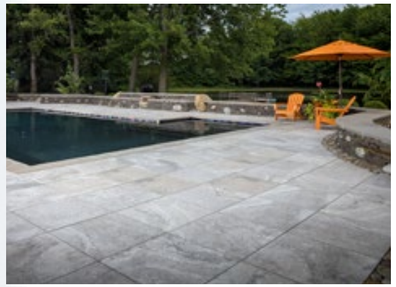


Quarziti porcelain veneer provides a multi-dimensional natural stone texture to enhance this eclectic poolscape design (pg. 203).

The realistic wood grain texture of Noon porcelain pavers provides a durable pool deck surface and a warm natural look (pg. 193).

The natural color blends of Smooth-faced Catalina Grana® Large pavers pair effortlessly with the natural stone of the raised spa and accent wall (pg. 189).

The classic pillowtop surface of Cambridge Cobble® and London® Cobble pavers combine with bullnose Marina™ Coping to create a timeless pool deck design.



Mirage® porcelain pavers in Verona™ face style emulate the complex variegation of natural stone to create distinctive contemporary outdoor living design.

This outdoor room with a view is highlighted by a pool deck of Mega-Libre® pavers, featuring textures and patterns that mimic natural flagstone.

Travertino™ pavers mimic natural travertine and are highlighted by the contrasting tone and smooth texture of Marina™ Coping borders to create an elegant look.
