Celebrating excellence

The World's Greatest Pools book showcases beautiful outdoor living environments featuring custom pools using Pebble Technology Superior Quality Pool Finishes™. Each unique project presented is truly a representation of quality craftsmanship, design excellence and endless inspiration. To see more winning projects, visit worldsgreatestpools.com.

We congratulate these professionals on their outstanding contribution to greatness in pool building and design. We give special recognition to those who bring these unique concepts to life by acknowledging the pool builder, sales person and applicator who collaborated on these exquisite projects.

The ORIGINAL aggregate pool finish that delivers enduring elegance and durability. It is a perfect choice for those desiring a more natural environment for their pool and spa. This earthy textured finish is comprised of the largest pebbles in our product offering. It offers a durable, non-slip and stain-resistant surface in a wide variety of colors.

Our most popular pool finish offering the same natural beauty and inherent qualities as the original PebbleTec® pool finish with a more refined texture. This finish utilizes slightly smaller pebbles than those found in the original PebbleTec. It also offers a durable, non-slip and stain-resistant surface.

Made from finely ground natural pebbles, PebbleFina® offers the softest texture of aggregate finishes available. This exclusive product line is enriched with additives that provide superior strength and long-lasting durability over a traditional pool finish. Our unique technology provides increased density and resistance to etching.

An elegant glass bead aggregate pool finish that offers a three-dimensional reflective effect. This contemporary finish is the only patented brand of glass pool interiors. Its' exquisite brilliance creates a crystal-like effect in the water with superior water clarity. This finish offers a luxurious texture with exceptional stain resistance.

P O O L F I N I S H E N H A N C E M E N T S

Pebble Technology offers unique pool finish enhancements that enrich the interior surface and provide a customized poolscape. Many of the projects featured in this book incorporate one of our enhancements. They are indicated by the logo icon next to the pool finish color name.
