

Celebrating Excellence with Our 10th Anniversary Edition

Dear trusted partners and friends,

For the past decade, we have been proud to host “The World’s Greatest Pools” award program, celebrating excellence in pool design and craftsmanship.

Once again, our Pebble Technology International® builders, sales professionals and applicator partners have risen to the challenge, this year contributing to the highest level of participation in the program’s history. All qualifying photo entries were judged by an independent panel of editors from outdoor living and pool publications, on the basis of:

- Outstanding pool design and craftsmanship
- Superior photo quality and composition
- Exceptional interest to readers, including to prospective pool buyers

We are honored to present the top scoring photos in this year’s book, each one showcasing our premium finishes within stunning, one-of-a-kind backyard destinations – and many featuring our new Lightstreams™ glass tile and Fire & Water products. We know that, especially after such an unprecedented year, a great many homeowners will find special inspiration in these photos for creating their own backyard paradise.

Thank you to all who submitted projects for review. Please know that we appreciate the time you invested in applying, as well as your continued support and use of our products.

We hope you enjoy paging through this year’s compilation of “The World’s Greatest Pools” as much as we enjoyed creating it.

In continued partnership with you,

Darrell Eckstein, President
Pebble Technology International
